

Reading:

Please read 5x a week at home and fill in your reading record with the following details: *date, title of book, author, pages read and a short summary of what you read.*

Reading Records are checked by an adult daily.

As soon as a child has finished a book, they complete an Accelerated Reader Comprehension quiz about it in school and then change their book.

Help your child with their comprehension of the text by asking comprehension questions outlined below:

Prediction:

1. What is the title of this text? Who is the author? Have you read any books by this author before?
2. Based on the cover, what do you predict this book will be about?
3. What do you predict will happen next in the text? Why?

Retrieval:

1. Who is... What is... Where is... How is...When did...?

Vocabulary:

1. What do the words... suggest about this character/setting?
2. What does ... mean?
3. Which word tells you that ...?
4. Find one word in the text, which means...
5. Find a word or phrase that suggests...

Inference:

1. How do you think this character is feeling? How do you know?
2. What word would you use to describe this character? Why?
3. Find and copy a group of words, which show that...
4. What impression of... (a character) do you get from this paragraph?

Summarise:

1. Can you summarise what you have read so far?
2. What happened after? What happened before?

Humanities and Science:

Ask your child the questions below each week of this half term to reflect on their learning. The knowledge organisers to support with this half term's topics in Humanities and Science can be found on Google Classroom and the school website.

Week 1

Humanities: When did the Vikings and Anglo-Saxons exist in history?

Science: Can you name 5 every day materials?

Week 2

Humanities: Where did the Vikings come from?

Science: Can you name an example of a solid, liquid and gas?

Week 3

Humanities: When did the Anglo-Saxons come to Britain?

Science: What are the properties of a solid, liquid and a gas?

Week 4

Humanities: Who was Alfred the Great?

Science: Can you name an element that could be a solid and a liquid or a liquid and a gas?

Week 5

Humanities: What was life like in an Anglo-Saxon village?

Science: Why is sugar considered a solid?

Week 6

Humanities: What is Sutton Hoo?

Science: Can you name 5 gases that you might see in every day life?

Spelling:

These are the spellings that you will learn each week in preparation for a spelling test the following week. Please practise these words for 10 minutes each evening, using the Spelling Shed website to help you.

Week 1

basically, humour, humorous, outrageous, various, hideous, truly, automatically, length, library

Week 2

frantically, glamour, glamorous, courageous, serious, spontaneous, duly, publicly, medicine, natural

Week 3

dramatically, vigour, vigorous, advantageous, curious, courteous, wholly, gorgeous, occasion, occasionally

Week 4

historically, odour, odorous, disadvantageous, obvious, instantaneous, drastically, nauseous, notice, opposite

Week 5

affection, completion, pollution, expression, permit, permission, direction, obsession, ordinary, particular

Week 6

exhibition, operation, calculation, discussion, admit, admission, construction, transmission, peculiar, position

Maths:

Practise your times tables daily using the Timestables Rockstars App.

Each week, you will receive a series of questions on the Mathletics app based on last week's maths learning.

If your child gets a question wrong, they will be provided with an explanation for how to correct their mistake and an opportunity to practise again.

There is also an option to complete a worksheet to consolidate the previous week's maths learning. This will be uploaded each week to Google Classroom, as well as the answers, so you can self-mark the work. If your child needs a recap of the strategies used in class, there is also a video tutorial provided on Google Classroom.
